

## **Thank You Very Much Murali Mohan Garu**

**K. Lakshmi Sakuntala**

Naidugudem, Near Eluru,

W. Godawari District, A.P.

Mob: 9885811459

I'm was on cloud nine when I got an opportunity to meet Murali Mohan garu in Rajahmundry and I am very sure that I will do whatever I can for his winning.

I am currently working with Vodafone as a Channel Distribution Manager in Rajahmundry.

Before I start to tell you about Murali Mohan garu and the support he gave me, I must tell you a little about my family background. I am only child to my parents and my father is physically challenged. Our entire family was dependent on my father's income. We have come across lot of struggles and hardships in our lives which I cannot express now. I used to be top in my academics always. I know how much my parents struggled to pay my 10th class exam fee. Many millionaires and billionaires are there in our relatives and in our village. My father approached all of them. No one helped us to pay my exam fee. Nothing can stop us if we have determination. I stood 1<sup>st</sup> in the Mandal in my SSC. From then I used to be on top of the class. I got fee waiver from Siddhartha Junior College for my Intermediate and gained very good marks and EAMCET rank.

But our financial status didn't allow me to go for B-tech. There was only 1 week time for counselling. We had no money to attend that. While reading newspaper we have seen that Murali Mohan garu was helping poor and merit students. My father went to meet Murali Mohan garu directly along with my certificates without any recommendations. After seeing my educational and financial background he immediately gave a cheque to my father to pay fee in the counselling. I still remember the emotions of my family on that day which I cannot express in my words. After completion of my B-Tech, I studied MBA (Post Graduate Diploma in Management in HR & Operations Management) and got placed in ICICI Bank as a Solution Manager through Campus Placement.

Murali Mohan garu treats people with respect irrespective of their background. His straightforwardness, responsibility towards society, determination and multi tasking capability inspired me a lot. I'm determined to lead my life in the same way as Murali Mohan garu. He is a true Leader. He lightened up the careers of thousand students and added colors to the lives of thousand families.

By writing this letter, the only thing that I want to tell the people in and around Rajahmundry is that Maganti Murali Mohan garu is the real hero who has come to serve you. I request all the trust students in and around Rajahmundry to publicize about Maganti Murali Mohan garu as many people don't know about his social service activities.

Yours Truly,

K. Lakshmi Sakuntala.
